

July 7, 2018 Lake Hadlock Association Annual Meeting

See power point presentation which outlines all points covered. There is also a fish community report as well as a presentation by Joe Loszynski, our lake manager. The CSLAP report is available on our website.

Information not in power point:

Landowner Guide: Bill Bailey spoke of a pamphlet being printed by Lake Champlain-Lake George Regional Planning Board. When it is available, it will be dropped off at each property.

CSLAP Discussion: Sal Ricciardone spoke of all the water quality tests and results. The full report can be found on our website.

Apparel Discussion: Bob Bishop spoke about Hallwear.com. There are Lake Hadlock as well as Hadlock Pond logos this year. Order period ends July 31. Bob asked for information to be put up on Rte. 149 sign.

Social Discussion: Kyle Belokopitsky announced a potluck supper at the Hadlock Inn on August 31 6pm. Dan Ladd will be there playing music. Further details will go out on Facebook and the website as well as being sent to any email addresses that we have. She encouraged everyone to save the date.

Fish Community Discussion: The Board of Directors contracted with Margaret Murphy of Integrated Aquatic Sciences to begin looking at the biology of the lake, in particular, the fish community. Margaret gave a report and recommendations. Association members present were asked how they felt about further financial commitment to this study. (approx.. \$5000-6000). Those present were supportive.
